

BUILD THE LUNAR CYCLE

MOON PHASE CARDS

Cut apart the eight cards. Shuffle them, then arrange the phases in the order you believe they occur. When you're finished, check your answer using your Eight Moon Phases Reference Wheel.

BUILD THE LUNAR CYCLE

Place the eight moon phase cards you cut out on the circle below
in the order you believe they occur.
When you're finished, check your answer using
your Eight Moon Phases Reference Wheel.

Waxing begins at: _____

Waning begins after: _____

The phase opposite the New Moon is: _____

The phase opposite the Full Moon is: _____

WAXING OR WANING?

WAXING — LIGHT IS GROWING

1. NEW MOON

2. WAXING CRESCENT

3. FIRST QUARTER

4. WAXING GIBBOUS

5. FULL MOON

The Moon is moving toward fullness.

WANING — LIGHT IS DECREASING

1. FULL MOON

2. WANING GIBBOUS

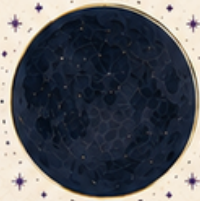

3. LAST QUARTER

4. WANING CRESCENT

5. NEW MOON

The Moon is moving toward darkness and renewal.

ASK YOURSELF:

Is the illuminated portion becoming larger or smaller?

-  Larger = Waxing
-  Smaller = Waning
